

Invitation to the 28th AsiaConstruct Conference in Seoul

July 23, 2025

Mr./Ms.XXXXX

Position

Institute

Dear Mr./Ms.XXXXX,

We are pleased to invite you to participate in the 28th AsiaConstruct Conference (ACC 2025), to be held from September 24 to 26, 2025, at Fraser Place Central-Seoul in Seoul, Korea.

The Korea Research Institute for Human Settlements (KRIHS), as Korea's national research institute, has participated in the AsiaConstruct Conference since 1995 and is honored to serve as the host organization for the fourth time.

The theme of this year's conference is "Promoting Smart Construction for Sustainable Development." ACC 2025 will provide an excellent opportunity to share and discuss the latest advances in construction technology.

It is a great honor for KRIHS to host this conference in Seoul. We believe that the conference will also strengthen mutual relationships among member countries.

We look forward to welcoming you to Seoul for ACC 2025.

Yours sincerely,

Shim, Gyo-Eon

President

Korea Research Institute for Human Settlements
