

The 28th AsiaConstruct Conference

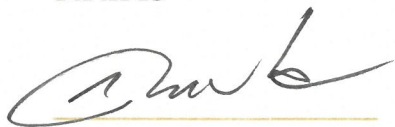

# Leaders' Meeting Joint Statement

At the 28th AsiaConstruct Conference Leaders' Meeting, delegates from participating countries convened to exchange views on the next host country and key agenda items. The following reflects the common understanding and agreements formed during the meeting.

1. Malaysia will actively consider hosting the next conference, and participating countries will work to expand international attendance.
2. The next host country will choose from topics proposed at the Leaders' Meeting, such as climate change, green energy, sustainability, aging infrastructure, and women's participation in the construction industry.
3. To revitalize the conference, participants from each country will identify potential participating organizations, discover multiple contact points, and continue outreach efforts.
4. The parties respect the spirit of this Joint Statement and will make sincere efforts to implement its contents.
